# Homepage

We have divided Book Recommender System's Homepage into Two Sections: -

1. First thing anyone will see is a pop-up window on Homepage which will ask for User Inputs like whether he/she wants Book Recommendations for what purpose.

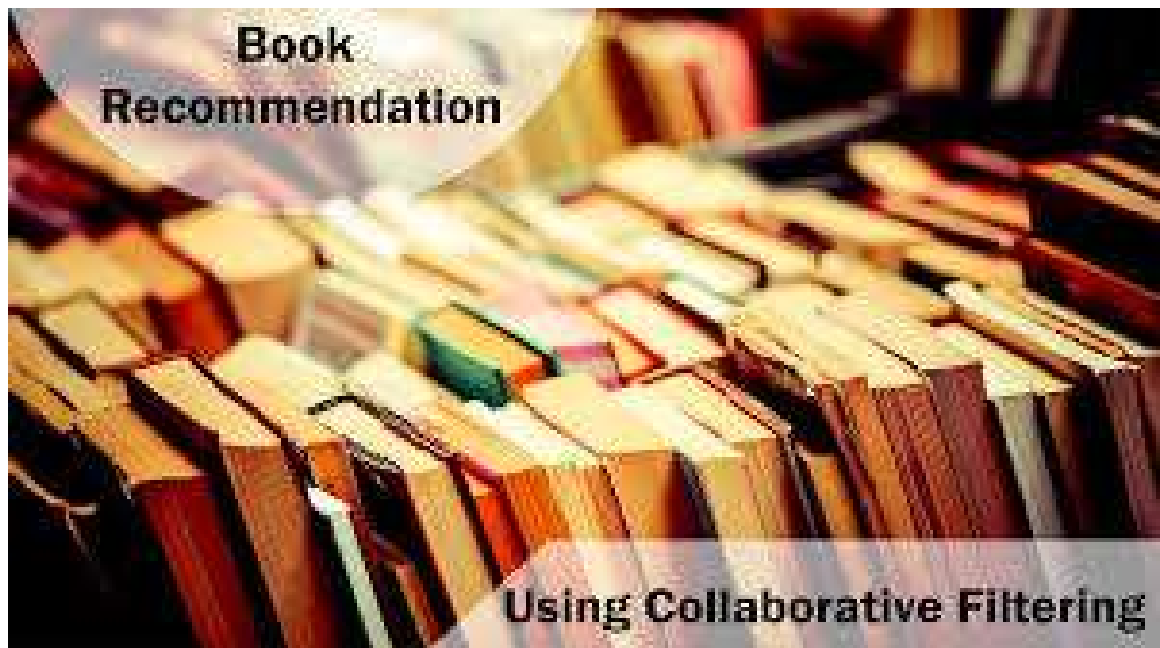

2. The User will encounter with another pop-up window asking for Book based on user interest.

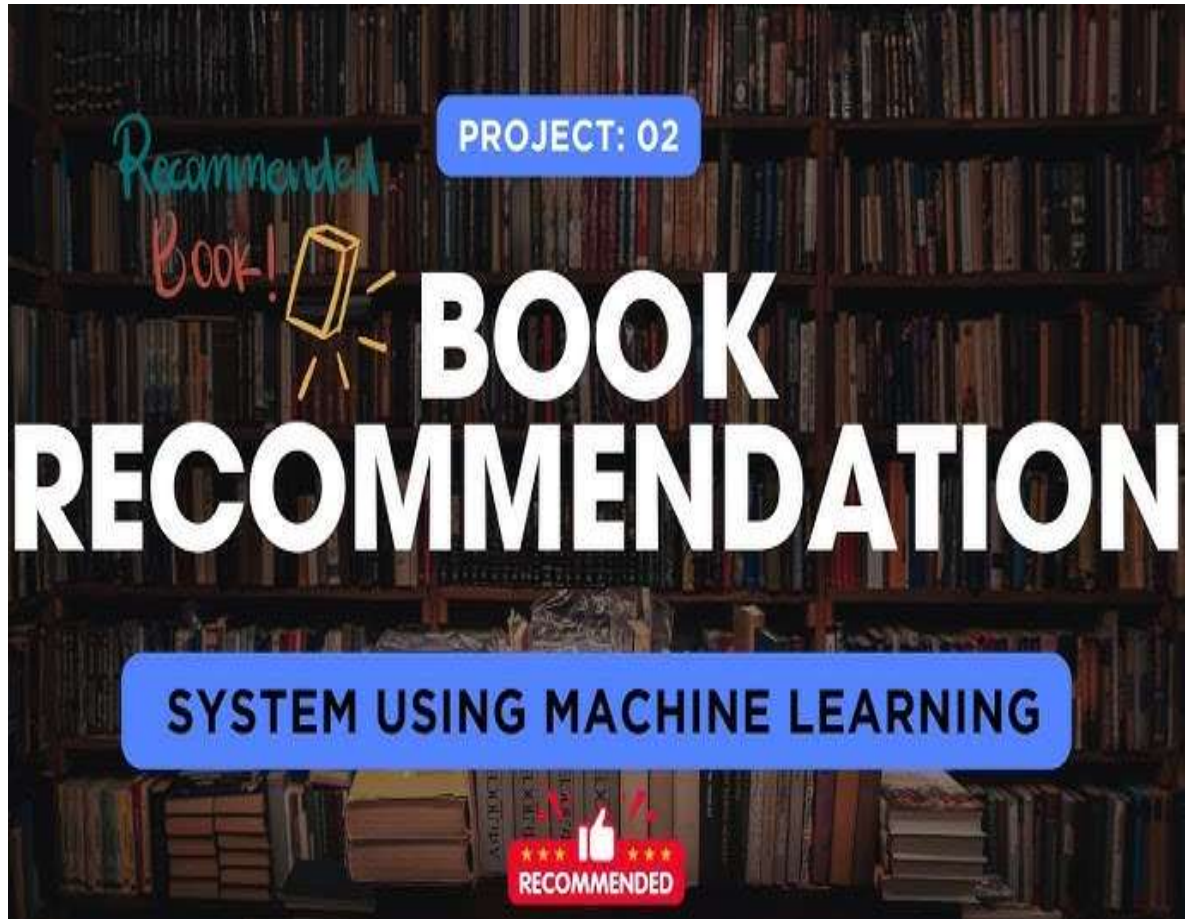

Based on User's input, our Books Recommendation System will recommend similar books to User on Homepage itself. A sample view of Homepage showing results is above:

The **Crossed Sections** in above sample can be used for images of books & knowledge tips quotation as background to give user a good experience.

## About Page

In this Sample, we have given space for Heading & for Texts.

## Detail Book information Page

This will be the page where book will be showcased with full details like the process of making it, amount of calories in it & list of ingredients to prepare it.
